

REPUBLICAN PARTY CAMPAIGN PROGRAM

County Committee Selects Dates
For Primaries, Committee Meet-
ings and Conventions.

DELEGATES ARE APPORTIONED

Vote for Joseph Howell for Congress
Taken as the Basis of Repre-
sentation in Convention.

A program for the coming campaign to be followed by the Republicans of Salt Lake county, was framed up at a meeting of the Republican county committee held in Judge George G. Armstrong's courtroom Saturday afternoon. October 3 was set for holding the county convention, on account of the fact that that was the only date open at any of the theaters. Only one absentee was reported at the meeting, although four members were represented by proxies.

J. U. Eldredge, Jr., chairman of the county committee, presided, with Earl Armstrong secretary. The following county committeemen were present: A. H. Steele and George C. Buckle first precinct; W. A. Aubrey (by proxy) and J. J. Greenwald, second precinct; George Davis (by proxy) and J. Parley White, third precinct; Harry S. Joseph and W. S. Lichman, fourth precinct; John M. Hayes and W. H. Folland (by proxy), fifth precinct; Amos Gabbett, Farmer's ward; J. W. Smith (by proxy), Draper; C. H. Roberts, Bingham; Samuel Parry, Sandy. E. B. Morgan of Mill Creek was the only member who was absent.

REPUBLICAN PROGRAM

After considerable discussion, the following program of primaries and conventions was adopted for the Republican party of Salt Lake county:

Friday, Sept. 23, 8 to 9 p.m.—Primaries to elect delegates to state convention.

Saturday, Sept. 24, 3 p.m.—Meeting of county committee.

Friday, Sept. 30, 8 to 9 p.m.—Primaries to elect delegates to county convention.

Monday, Oct. 3, 10 a.m.—Republican county convention at Salt Lake theater.

Allowing one delegate for each 35 votes cast for Joseph Howell for Congress in 1908, which was the basis of representation used by the committee, there will be 534 delegates in the county convention. There were 17,992 votes cast in Salt Lake county.

The apportionment of delegates for the state convention, arranged on a basis of one for each 50 votes cast for Joseph Howell for Congress, Salt Lake county will have 200 delegates in the state convention.

The chairman and secretary were named a committee to provide a brass band and to make all other arrangements for the convention. A. H. Steele, Julian Riley, and J. Parley White were named a committee on decorations. Harry S. Joseph, Amos Gabbett and J. J. Greenwald were named as a committee to procure headquarters for the campaign. The Young Men's Republican club, through its president, John M. Hayes, tendered the organization the use of the club's furniture for headquarters during the campaign.

NIGHT SCHOOL.

The night school at Hensger's Business College is in session all the year and new students may enter at any time.

"AMERICAN" RALLY.

W. S. Dalton and D. C. Dunbar Provide Usual and Characteristic Oratory.

W. S. Dalton, assistant police court attorney, and David C. Dunbar provided the oratorical piece-de-resistance of the "American" rally held in Eagles' hall Saturday night. The gathering was called the "first rally of the campaign," but the stories told by the speakers were repeated for the thousandth time. Judge A. J. Weber presided and called the meeting to order, a quartet was rendered by Mrs. Corinne Harris Hammer, Miss Jessie Dwyer, A. J. Kieselberg and J. Herbert Summers. Marjorie Mulvey accompanied. Messrs. Dalton and Dunbar followed with eulogies of the "American" party and roasts for everybody who differed from that party, after which Judge Weber said the "American" club would like to have some other members and announced the books open for the collection of names, and the meeting adjourned.

ELIMINATE NON-ESSENTIALS.

A committee of county school superintendents has completed details of the new course of study for the schools of the state, and they will be published and distributed early this week. The elimination of all non-essentials or the more technical features of the state course of study seems to be the trend of the new educational movement. Technical grammar will be eliminated from the lower grades entirely, and in arithmetic the board decided to do away with exact interest, stocks and bonds and banking exchange. A course in mental arithmetic will be substituted. In the upper grades three days a week will be given to geography and two days to nature study.

CUPI'S PLAN FRUSTRATED.

Cousins Apply for Marriage License And Are Refused.

Because of being too closely related, Edward C. Pryor and Miss Myrtle Pryor, cousins, of Emmett, Ida., failed to secure a license to marry Saturday afternoon from J. U. Eldredge, Sr., deputy county clerk. After making an ineffectual effort to obtain the necessary legal decisions from Judge M. L. Ritchie of the district court and Harry Griffith, clerk of the supreme court, the young couple left the city and county building in anything but a happy frame of mind. Inquiry had developed the fact that their fathers were half brothers.

KEITH-O'BRIEN COMPANY VOICES AND ANSWERS SALT LAKE CITY'S DAILY NEEDS

Keith O'Brien Co.

NEW GOODS and SOME END OF THE SEASON'S PICK-UPS

Two classes of merchandise are of special interest just now—NEW GOODS displayed on every hand at Keith-O'Brien's—SEASON-END goods—re-priced to clear them out at once.

Persons who buy season-end goods get more than their money's worth. It may be a suit of medium weight which can be worn until the cold months and then give service in the spring, perhaps a plume, a jabot, a pair of oxfords, a parasol, a pair of gloves, a dress for the daughter or a suit for the boy. Very likely these pick-ups will be in the height of style.

NEW GOODS ARE COMING IN BY CARLOAD LOTS for the opening is near at hand. We have new goods on our shelves—new suits that are right up to the minute, new hats that are the real expression of the actual fashion in New York and Paris; new silks and dress goods, new corsets of excellent and exquisite shapes, new ribbons, new neckwear, new shoes, new hosiery, new accessories—every single thing that can find a place on a woman's shopping list.

So, when you come shopping to Keith-O'Brien's—you can buy practically everything that is season end in fashion at a price far and away lower than you could possibly have expected.

SO MANY, MANY DRESSES

Until purchasers see our suit section in its present completeness, it will be impossible to appreciate how successfully we can supply the wishes of our particular trade.

Dresses occupy such an important place in the wardrobe of American women that the best fashion thought is continually on the alert for new ideas.

Our showing of dresses is complete in every detail and to anyone interested it will pay you to come. Priced for early showing at \$25.00, \$29.50, and \$35.00.

CREPE DE CHINE DRESSES—in all the leading shades, also chiffon crepe, broadcloth and velvet dresses, priced at \$39.50, \$45.00, \$59.50, \$65.00, \$75.00, \$100.00 and up.

MESSALINES—A special number shown at \$19.75 is made of a very nice quality messaline with self-colored lace yoke and sleeves; skirt made with banded-in effect, finished with double flounce of knife-pleating. Colors—brown, navy, green, rose, Copenhagen and also black.

TAILORED CLOTH DRESSES—in serge, fancy checks, velvets and Panama. Evening dresses in all the popular materials and shades, priced from \$22.50 to \$35.00.

We also show a complete line of school dresses for girls. The popular Peter Thompson, co-ed style, and many other one-piece dresses. Priced from \$9.75 up.

All Week Among the Quaint New Hats

Most Pleasing Presentation of Exclusive
Modes, Colorings and Trimmings.

There are no half-way measures in our millinery—it is correct.

True, capricious Fashion jumped to the extreme this season. While we expected the unusual, it has not carried us off our feet. We give it due recognition in displays—at the same time moderation prevails.

The style lines, graceful in their sweep, are charmingly adhered to, and many of the creations are modest and not expensive. Such is the range of styles, so broad are the assortments that the most fastidious will be pleased. It is a pleasure to show these beautiful new conceptions and we want you to come in, take time and inspect them. The opening (the treat of the season) will occur later—in the meantime, come in and enjoy the displays. Popular prices will be a conspicuous feature this season.

Sun Stubborn

Nearly all of our new hangings and overdrapery materials come this season in the Sun-FAST grades. Their beauty and utility are a consummation of the desire for this use. Nothing like them has ever been shown, nor can be shown by any other house for this season. Even in the very cheapest grades there are some sun fast goods—new weaves, new colorings, dainty and beautiful—LOW PRICES.

Seamless Rugs Mean More Buyers

Even in the cheap tapestry rugs, the majority of our line is SEAMLESS. This means more wear, at no more price, which is a consideration. Ranging on into the better grades many more are seamless. In the regular grades we have all the best known makes. Whittall heads the list with the largest assortment in the city—the Hartford, the Roxbury, the Smith, the Bigelow—all standards. A better selection of designs than usual, in all grades.

French Ideas in Lace Curtains

If you haven't seen the new lace curtain with which we can fit wide and narrow windows with identically the same pattern you should do so. We can fit a window one foot wide or 30 feet wide with the same design, or any intervening width can be fitted. This particular curtain comes only in the new Swiss point lace. We have in stock also the cluny lace curtain in wide and narrow widths in the same pattern. The same ideas are carried out also in the scrim curtains with filet lace.

Quality, Price, Design

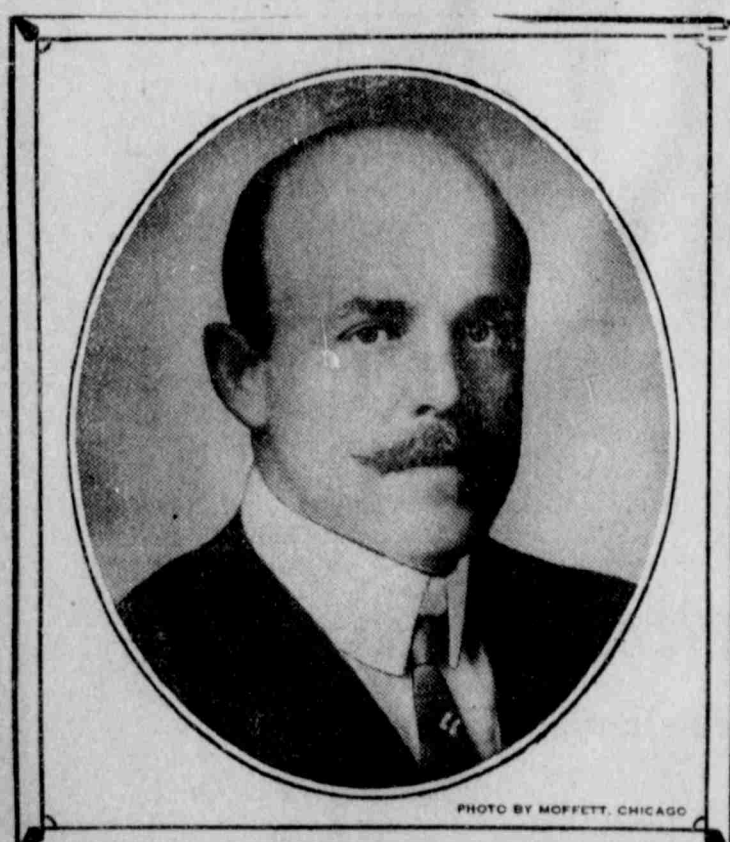

These three main considerations are met in our carpet section—and squarely met. The real value in the fabric is all you pay for. Appearance makes customers—quality holds them—our low prices satisfy them. Selling power is in the goods we offer you. Back this with wearing power, which we guarantee, and we can suit you in a carpet for any room in the house at a price that will please. If you have a carpet to buy you should see the line.

"The Afton" and "The Doone"

These are the new SCOTCH ART RUGS, EXTRA HEAVY—EVERY THREAD ALL WOOL. The colorings are simply exquisite and are a realization of the desires that have been so often expressed by our customers for something OUT OF THE ORDINARY. Pastel shades for dainty bedrooms, heavier shades for living rooms. Every rug is a revelation in coloring. Sizes, 6x9, and 9x12, and any size or coloring made to order. Over forty special shades to choose from. They will wear longer than you care to have them wear.

Hand Craft Rugs, Produced in Salt Lake

These rugs were woven to our special order by a master craftsman and are entirely different from any other rug in the market. Being of better quality and of more refined style than any made on a power loom, they appeal to persons of discriminating taste. WE CONTROL THE PRODUCTION, and there will be no duplicates. Out of 150 rugs there are no two alike. Sizes range from mat size to about 36x72. They are worth seeing. Prices range from \$1.50 to \$6.00 each. Suitable for most any room.

CENSUS OFFICIAL HERE.

R. P. Teale Arrives to Begin Irrigation Investigation.

Having made Salt Lake City headquarters for the entire arid region, R. P. Teale of Washington, D. C., assistant chief of irrigation investigation of the department of agriculture and special agent in charge of irrigation census is now in the city preparing his campaign for gathering the necessary data. Accompanying Mr. Teale is George W. Crane, also connected with the census bureau.

Dr. W. A. Squires, dentist, announces the removal of his offices to suite 501-2 McIntyre Block.

assisted by John Stewart, John Tuttle and Ralph R. Woolley.

The object of this census is to find out how much land is irrigated, capital invested, amount of water used, price of land and water rights, and the crops grown. Mr. Teale expects to complete this work within six months.

Nine years ago Mr. Teale prepared his first report dealing with Utah and other western states. Four years later he issued another bulletin treating on irrigation in the arid region.

BISHOP BROUGHT BACK.

Deputy Warden Ure and Guard Taggart of the state prison have returned from Leavenworth, Kans., with Bishop, the convict who escaped from the Utah prison 11 years ago, during Warden Dow's administration. Bishop cut his way through the women's ward, climbed the cell house wall and got away. But his habits got him into trouble again, through a post office robbery at Fargo, N. D., and he was sent to the government prison at Leavenworth. Warden Pratt discovered Bishop there, and at the expiration of his sentence had two men ready to return him to Utah to fill his term of imprisonment here. Bishop feels very

blue over the prospects, as he has six years and one month ahead of him, though this may be shortened by good behavior. The Utah officers were much impressed by the Leavenworth and Colorado state prisons which they inspected. The government prison has a fine orchestra composed of convict musicians.

CAR ROUTES CHANGE.

The new street car changes went into effect Sunday, with success, particularly the new depot route where six cars are being operated. Each car makes a trip every 15 minutes, the route covering west South Temple

street, from Main to the Short Line depot, thence southwest to the Rio Grande depot, thence east via Third South street, to Main and north to South Temple street again. The east Colorado state prison which they inspected. The government prison has a fine orchestra composed of convict musicians.
